LTL Consolidation Sheet

Please read below mentioned instructions and send this copy along with Freight consolidation sheet as agreed and signed:

- American Logistics Group is not liable for improperly classed freight. Our representatives are able to assist in determining proper NMFC codes & classes.
- Accessorial charges are additional fees in addition to transportation costs for services provided beyond moving the freight from origin to destination. Examples of accessorial services include Lift Gate service, Inside Delivery, redelivery, re-consignment, delivery notification, sort & seg., residential delivery, cross Canadian border etc.
- *Insurance:* On occasion customers will ship high value items that have a class that has lower insurance; In such cases a customer may request additional insurance. In all cases the maximum LTL carrier liability will be based on the current NMFC Class.
- Do not change the freight class to a higher class level to gain additional insurance. Representatives will re-class the shipment upon inspection
- Try and book shipments before 12:30 PM local time relevant to the address where the carrier is picking up from.
- Industry standard operating hours are roughly 06:00-18:00 Monday-Friday, varying by carrier.
